# SHINHWA THEME PARK

See the loveable bugs from the beloved "Larva" animated series come to life at the Shinhwa Theme Park. Developed by TUBAn, the popular Korea-based, global 3D animation studio behind the "Larva" series, the park offers 15 amazing rides and attractions for both adults and children. Enjoy different immersive experiences at the park's three zones. At the Rotary Park, journey through the 19th century industrial revolution period with a steampunk influence. Over at Larva's Adventure Village, kids would be delighted to meet the familiar characters of the Larva animated series. Finally, travel back in time and explore the mysterious jungle of the ancient Inca and Mayan Civilizations. A visit to the Shinhwa Theme Park would make you feel you've stepped into a giant animated world.

ROTARY PARK

### A Gateway to Fantastic Adventure

The first amazing thing you'll encounter when entering Shinhwa Theme Park is Rotary Park, the crossroad and gateway to a fantastic world. Rotary Park is a futuristic reinterpretation of steamy factories during the 19th-century industrial revolution. An amazing dance team will give a welcoming performance once you enter the new space and time. Also, don't forget to bring home the models of various characters as souvenirs of your favorite Tuba'N characters and enjoy the wide selection of delicious treats.

LARVA'S ADVENTURE VILLAGE

### An Exciting Adventure

The animated characters called "Red" and "Yellow" are such huge giants that they make humans look like tiny larvae. Come and see the world through Larva's eyes. Exciting rides, a playground everyone can enjoy and a variety of attractions whose architecture are modelled after various kinds of food can all be found in Larva's Adventure Village. Embark on a trip around the world or a space trip with the animated characters of Larva.

OSCAR'S NEW WORLD

### An Adventurous Journey to Utopia

Oscar's New World will guide you to the ancient Inca and Maya Civilizations built in jungles. It is a recreated ancient city with massive stone structures, mysterious temples and secret patterns. Embark on a stormy and windy journey to a new Utopia!
